Dear Parents and Carers,

Thank you to everyone who attended Parents' Evening last week. A number of parents expressed interest in supporting their children at home by using online SATs papers, and we want to say that—alongside the revision booklets we have sent home—this is a fantastic way to build confidence and familiarity with the types of questions the children may encounter.

We would, however, like to make you aware that we will be running **formal mock SATs** later in the school year. For these mock assessments, we will be using the official **2024 and 2025 SATs papers**. These papers are essential in helping us gain an accurate understanding of each child's progress. The information gathered from these mocks allows us to:

- identify gaps in understanding,
- tailor future teaching, and
- ensure the children have the best possible preparation for the **Summer 2026 SATs**.
-

For this reason, we kindly ask that you **avoid using the 2024 and 2025 papers at home**. If children have already seen the questions, it will affect the accuracy of the mock results and limit our ability to plan effectively for their needs.

There are still plenty of past papers available online from previous years (2016–2023), and these are excellent for practice without affecting our mock assessments. Your child may also continue using the revision booklets provided.

Thank you, as always, for your continued support. Please speak to a member of the Year 6 team if you would like guidance on which resources to use at home.

Kind regards,

The Year 6 Team
