Anton Junior School is on the 'Gram'!

Dear Parents/Carers,

I am excited to inform you that our school now has a live Instagram page!

Having spent time researching platforms, privacy and security settings and the social media capabilities of school staff, I made the decision that this platform will be most beneficial for our school community.

There will be lots of information communicated via this app however, it will also enable us to communicate events and learning through the school day, to provide that all important window to your child's experiences at Anton.

You will have to bear with us as we get in to the routine of posting content (may take us time to get 'in the swing of it!') however, please feel free to follow the page and watch it grow and develop as we move forward.

The page can be found using the link below:

Best wishes
