

Our Project Homework

Choose 2 activities to complete across the half term

Geography

Design and create a building that could withstand flooding.
Consider walls, sandbags, stilts etc.

Art

Research famous artists and find one whose artwork you like.
Create a piece of artwork in the style of your chosen artist's work.

You could check if your local library has some famous artist books!

Music

Write your own remembrance song, inspired by the WW2 songs that we are learning about in music this term.

BBC bitesize also has some WW2 songs that you could use for inspiration.

Science

Can you create an information poster all about evolution?

BBC bitesize is a useful website to use for information.
