

Our Project Homework

Choose 2 activities to complete across the half term

Art:

Draw a continuous line drawing of a family member, pet or scenery to practise this skill for our art lessons.

Geography:

Create a canyon out of anything, lego, food, sandcastle, paper....

You can either put a photo of your canyon in your book or bring it in!

Computing:

Create an E-Safety poster. Make it informative and eye-catching.

Challenge: Can you create your poster on a computer?

Science:

Can you create a comic strip of how fossils are made, see BBC bitesize for support.
