

Our Project Homework - Year 3 Spring 1

Choose 2 activities to complete across the half term.

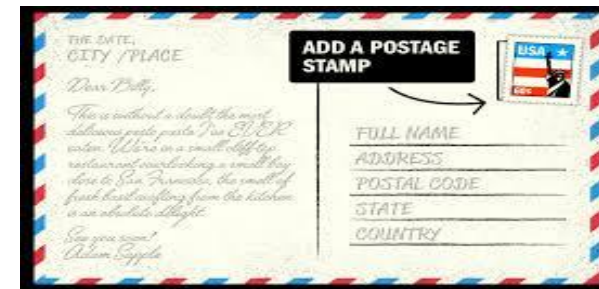

Art

Choose an everyday object from home and sketch the object.
Make sure you look closely and add in as much detail.
Why not use shading to create different tones?

Geography

Write a post card as if you were on holiday somewhere in the world.
Use the template provided or create your own. Think about what you might have done, seen or eaten and design the front of it too!

Music

Can you listen to, learn and perform a famous Ballad to someone at home - record this to show us at school?

Computing

Create a poster that explains how to stay safe online.
Remember to make it eye catching but clear and simple!
